

Report on Technosoft Training at RKDF University

Two days training on amalgamation of computer skills and Personality Development Skills held on 21st and 22nd March 2017 at 10AM to 4PM in Seminar Hall, Administrative Block, RKDF University, Bhopal by Technosoft Training in association with Team IBTC – INDIA organized by DC CRACKERS.

Day 1 : "Personality Development (Soft Skills) / Embellishing Skills"

Day 2 : "Basic Computer Skills"

The training was a complete package Interactive Activities, Knowledge, Skills and Edutainment oriented Audio-Visuals and presentations as well as the vital technical skills for computer operations and crucial knowledge about tools & techniques of Networking & Information Systems.

Around 138 students of different streams from RKDF University had completed that training and awarded with a "Certificate of Training" for the same. After that training students are very confident about the skills.

RKDF COLLEGE OF TECHNOLOGY AND RESEARCH
&
BHABHA COLLEGE OF ENGINEERING
Organised WORKSHOP ON
**Repairing & Maintenance of
Automobile (Two Wheeler)**

Date 30 Sept. 2019 to 10 Oct. 2019
**Venue:- Engineering Workshop, Mechanical Engineering
Department, Bhabha College of Engineering**

Guided By:
Ranjit Nikose
MOD. Mech. BCFE

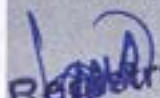

Trainer:
Mr. Mudassir Khan

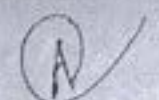

8. **Winners/Awardees:-**

Training Participation certificates are provided to the students by the Mechanical Department.

9. **Summary of the Event:-**

Ten Days Training workshop at Engineering Workshop, RKDF University Bhopal was being organized by the Department of Mechanical Engineering, Bhabha College of Engineering from 30th Sept 2019 to 10th Oct. 2019. It was attended by the Students of Mechanical Department, RKDF University, Bhopal. As per my perspective, such type of workshop is very useful for Engineering students to acquired practical knowledge because after completion of their course, they have to do the job in Industries.

6.2 Disadvantage of CAR & BIKE CLEANING MOTOR VEHICLE

- There is always a chance of slight damage to the car exteriors.
- Though pressure washers are not a complicated piece of equipment to handle, if instructions are not properly followed then it can lead to damage to the house/object or operator.
- If you use high pressure setting than required, then it will the car's/wall exterior paint.
- It has limited water Gallon which can contain 40 to 50 liters only.

Working of the EWSD and 4G switches and knowledge about its technology is explained to the students as shown in figure below

11. Winners/Awardees:-

Training Participation certificates are provided to the students by the BSNL.

12. Summary of the Event:-

Two Day Training workshop at BSNL, Zonal office Bhopal was being organized by the Department of Electronics and Communication, Bhabha College of Engineering at 24-25th June, 2019. It was attended by the Students of Electronics and Communication Department, RKDF University, Bhopal. Various expert lectures were given by the Industry experts of BSNL which give a good understanding about the working culture of BSNL and about the technologies used by BSNL for communication. Moreover live systems demonstration was given by the BSNL experts to show to the students about call flow, tariff structure, etc which gives a good insight to the students about the telecom field. The program was concluded by awarding training certificates to the students by the BSNL.
