

RKDF University

Program Outcomes, Program Specific Outcomes and Course Outcomes

Faculty of Education

BACHELORS OF EDUCATION (Bed)

Programme Outcome (POs)

- PO 1 To be empowered in subject content and pedagogy.
- PO 2 To develop an understanding of the contemporary Indian Society, with special reference to education.
- PO 3 To be able to interact with children from diverse socio economic and diverse back grounds.
- PO 4 To be able to use learner centered teaching methods as such and with modification in future.
- PO 5 To develop an understanding of paradigm shift in conceptualizing disciplinary knowledge in school curriculum,
- PO 6 To identify the challenging and overcoming gender inequalities in school, classroom, curricula, textbook, social institutions, etc.
- PO 7 To create sensitivity about language diversity in classroom and its role in teaching learning process
- PO 8 To enable student-teachers to acquire necessary competencies for organizing learning experiences,
- PO 9 To develop competencies among student-teachers to select and use appropriate assessment strategies for facilitating learning,
- PO 10 To engage student-teachers with self, child, community and school to establish close connections between different curricular areas,
- PO 11 To enable student-teachers to integrate and apply ICT in facilitating teaching-learning process and in school management,
- PO 12 To systematize experiences and strengthening the professional competencies of student teachers

PO 13 To provide first-hand experience of all the school activities

Program Specific Out Comes

PSO 1 Understand basic concepts and ideas of educational theory.

PSO 2 Build understanding and perspective on the nature of the learner, diversity and learning.

PSO 3 Comprehend the role of the systems of governance and structural – functional provisions that support school education.

PSO 4 Develop understanding about teaching, pedagogy, school management and community involvement.

PSO 5 Build skills and abilities of communication, reflection, art, aesthetics, theatre, self expression and ICT.

Course Outcomes (CO)

Subject Name-Child Hood & Growing UpSubject code-CC11

CO1 Understand children of different ages by interacting & observing them in diversified social, economic and cultural context rather than through an exclusive focus on psychological theories of child development.

CO2 Study of childhood, child development and adolescence.

CO3 Understand learning as divergent process.

CO4 Make aware about the importance of healthy liking and preventing disease.

Subject Name-Education in India Status Problem & Issues Subject code- CC12

CO1 Contextualize contemporary India and education.

CO2 Evolve a deeper understanding of its purpose and its relationship with society and Humanity.

CO3 Understand the classroom in social context.

CO4 Provide a setting for interaction, generation of dialogue and the opportunity to appreciate diverse perspectives of issues.

Subject Name-Language Across the CurriculumSubject code-CC13

CO1 Understand the language background of students as the first or second language users.

- CO2 Create sensitivity to the language diversity that exists in the classroom
- CO3 Understand the nature of classroom discourse and develop strategies for using oral language in the classroom.
- CO4 Understand the nature of reading comprehension in the content area & writing in specific content areas.
- CO5 Understand interplay of language and society.

Subject Name- Curriculum development and School Subject code -CC14

- CO 1 Develop the potential for perspective building located in the Indian socio-cultural context.
- CO 2 Build knowledge understanding and sensitivity of different perspectives in the area of education of children with disabilities.

Subject Name- Reading and Reflecting on Texts Subject code-CC15

- CO1 Enhance their capacities as readers and writers by becoming participants in the process of reading.
- CO2 Engage themselves with the readings interactively – individually and in small groups.
- CO3 Avail opportunities to write with a sense of purpose and audience, through tasks such as, responding to a text with one's own opinions or writing within the context of other's ideas

Subject Name- Learning & Teaching Subject code-CC21

- CO 1 Develop an understanding of education as an agenda for the nation state and its policy visions and efforts in evolving a national system of education.

Subject Name- Language Across the Curriculum Subject code-CC22

- CO1 Create sensitivity to the language diversity that exists in the classroom
- CO2 Understand the nature of classroom discourse and develop strategies for using oral language in the classroom.

Subject Name-Drama & Art In Education Subject code-CC23

- CO1 Understand the role of fine arts in enhancing the creative potentials of an individual;
- CO2 Understand the concept and basics of different art forms (all the visual and performing arts);
- CO3 Respond to the beauty in different Art forms;

CO4 Enhance skills for integrating different Art forms across school curriculum at secondary level ;

CO5 Develop skill to create artistic pieces through waste materials;

Subject Name-Social Science

Subject code-CC24.1

CO 1 Develop an understanding of the pedagogic challenges posed by the subject comprising of a broad disciplinary stream.

CO 2 Describe the pedagogic needs of a subject within the stream chosen under Pedagogy I, at all stages of secondary education.

CO 3 Re-engage with the nuances of the discipline and its prevalent conceptualisations and practices.

Subject Name-Physical ScienceSubject code-CC24.2

CO 1 Develop an understanding of the pedagogic challenges posed by the subject comprising of a broad disciplinary stream.

CO 2 Describe the pedagogic needs of a subject within the stream chosen under Pedagogy I, at all stages of secondary education.

CO 3 Re-engage with the nuances of the discipline and its prevalent conceptualisations and practices.

Subject Name-CommerceSubject code-CC24.3

CO 1 Develop an understanding of the pedagogic challenges posed by the subject comprising of a broad disciplinary stream.

CO 2 Describe the pedagogic needs of a subject within the stream chosen under Pedagogy I, at all stages of secondary education.

CO 3 Re-engage with the nuances of the discipline and its prevalent conceptualisations and practices.

Subject Name-Hindi Subject code-CC25.1

CO 1 Develop an understanding of the pedagogic challenges posed by the subject comprising of a broad disciplinary stream.

CO 2 Describe the pedagogic needs of a subject within the stream chosen under Pedagogy I, at all stages of secondary education.

CO 3 Re-engage with the nuances of the discipline and its prevalent conceptualisations and practices.

Subject Name-English

Subject code-CC25.2

- CO 1 Develop an understanding of the pedagogic challenges posed by the subject comprising of a broad disciplinary stream.
- CO 2 Describe the pedagogic needs of a subject within the stream chosen under Pedagogy I, at all stages of secondary education.
- CO 3 Re-engage with the nuances of the discipline and its prevalent conceptualisations and practices.

Subject Name-Sanskrit Subject code-CC25.3

- CO 1 Develop an understanding of the pedagogic challenges posed by the subject comprising of a broad disciplinary stream.
- CO 2 Describe the pedagogic needs of a subject within the stream chosen under Pedagogy I, at all stages of secondary education.
- CO 3 Re-engage with the nuances of the discipline and its prevalent conceptualisations and practices.

Subject Name-Urdu Subject code-CC25.4

- CO 1 Develop an understanding of the pedagogic challenges posed by the subject comprising of a broad disciplinary stream.
- CO 2 Describe the pedagogic needs of a subject within the stream chosen under Pedagogy I, at all stages of secondary education.
- CO 3 Re-engage with the nuances of the discipline and its prevalent conceptualisations and practices.

Subject Name-Biology Science Subject code-CC25.5

- CO 1 Develop an understanding of the pedagogic challenges posed by the subject comprising of a broad disciplinary stream.
- CO 2 Describe the pedagogic needs of a subject within the stream chosen under Pedagogy I, at all stages of secondary education.
- CO 3 Re-engage with the nuances of the discipline and its prevalent conceptualisations and practices.

Subject Name-Maths Subject code-CC25.6

- CO 1 Develop an understanding of the pedagogic challenges posed by the subject comprising of a broad disciplinary stream.
- CO 2 Describe the pedagogic needs of a subject within the stream chosen under Pedagogy I, at all stages of secondary education.

- CO 3 Re-engage with the nuances of the discipline and its prevalent conceptualisations and practices.

Subject Name-Pedagogy of School Subjects Part-II Subject code-CC31

- CO 1 Develop an ability to substantiate perspectives and theoretical frameworks studied with field based experiences that are provided.
- CO 2 Understand creative ways of tracking students' progress.
- CO 3 Develop a broad repertoire of perspectives, professional capacities, teacher dispositions, sensibilities and skills.
- CO 4 Develop an ability to cater to diverse needs of learners in schools.
- CO 5 Experience and understand the real world of teaching with the help of systematic supervisory support and feedback.
- CO 6 Develop the ability to write a reflective journal that would facilitate to consolidate and reflect on teaching experience.

Subject Name-Gender School & Society Subject code-CC41

- CO 1 Develop an understanding of education as an agenda for the nation state and its policy visions and efforts in evolving a national system of education.
- CO 2 Acquire conceptual tools of critical analysis and the experience of engaging with diverse communities.
- CO 3 Develop an understanding of development, learning and uniqueness of the growing child in diverse socio-cultural contexts.
- CO 4 Develop the potential for perspective building located in the Indian socio-cultural context.
- CO 5 Build knowledge understanding and sensitivity of different perspectives in the area of education of children with disabilities.

Subject Name-Educational Technology & ICTSubject code-CC42

- CO 1 Develop an understanding of concepts in aesthetics and their application in different domains of art, such as visual art, theatre, and in the sphere of India's heritage crafts.
- CO 2 Understand and apply communication through different media..
- CO 3 Recognise, understand and appreciate ICT as an effective learning tool for learners and as a support to teachers.

CO 4 Develop conceptual understanding of dimensions of technology and their educational viability.

CO 5 Demonstrate use of audio-visual and computer – based media

Subject Name-Creating an Inclusive School Subject code-CC43

CO 1 Develop an understanding of education as an agenda for the nation state and its policy visions and efforts in evolving a national system of education.

CO 2 Engage with the discourses on contemporary Indian society and education.

CO 3 Acquire conceptual tools of critical analysis and the experience of engaging with diverse communities.

CO 4 Develop an understanding of development, learning and uniqueness of the growing child in diverse socio-cultural contexts.

CO 5 Critically examine key universal constructs in developmental psychology and educational psychology.

Subject Name-EPC-4 Understanding the Self Subject code-CC44

CO1 Develop sensibilities, dispositions and skills to facilitate personal growth of their students in the classroom

CO2 Know the development of self concept and the professional identity.

CO3 Develop social relational sensitivity.

CO4 Analyse self identity (one's implicit beliefs, stereotypes and prejudices resulting from gender, culture, assets and limitations of oneself).

CO5 Become aware of the impact of political, historical, and social forces on their identity formation.

CO6 Learn and practice effective communication skills

Subject Name- Environmental Education Subject code CC45

CO 1 Develop an understanding of the nature and evolution of the disciplines / areas in the context of education.

CO 2 Develop sensitivity towards the specific needs / problems / challenges in the area.

CO 3 Become aware of the fundamentals of Computers and Web Technologies in Educational Context.

CO 4 Reflect upon the application of Educational Technology in the field of education.

MASTERS OF EDUCATION (Med)

Programme Outcome (POs)

- PO1. RESEARCH SKILLS:** Understand different research methods, Equipping scholars with relevant tools and techniques, Data collection and analysis by using statistical measures, use of conceptual understanding in practical research work and writing a research report.
- PO2. SELF STUDY:** Self study component helps in self directed learning as it gives opportunity to student to study in depth about a particular issue and gain knowledge.
- PO3. ANALYTICAL AND INTERPRETATIVE SKILLS:** Enhance the analytical and interpretation skills of data, Scholars are well trained in using statistical measures, softwares (SPSS) (MS EXCEL) etc.
- PO4. LEADERSHIP AND MANAGEMENT SKILLS:** The course focuses on formulating and implementing leadership and management skills. The course will provide the students with a systematic framework for understanding the school management and its different strategies.
- PO5. ENTREPRENEURIAL SKILLS:** Understand the concept of entrepreneurship and skill sets of an entrepreneur and develop skills for a business, exploration of different challenges of real life situation.
- PO6. DECISION MAKING SKILLS:** Enable them to solve various problems of school management and classroom management.
- PO7. USE OF TECHNOLOGY:** Understand the innovative technology and tools of ICT and their use in teaching learning environment. Use of ICT in research perspective, design and develop ICT integrated learning resources, analysis and interpretation of the research data with the help of ICT.
- PO8. RELATIONSHIP BETWEEN SCHOOL AND SOCIETY:** Understand the social norms and educate the students accordingly and expected change in society through education and values.
- PO9. SOCIAL RESILIENCE:** Understand about social entities and enable to tolerate absorb, cope up with adverse conditions of life.
- PO10. EFFECTIVE CITIZEN ETHICS:** Understand different values, morality, social service and accept responsibility for the society.
- PO11. ASSESSMENT SKILLS:** Identify areas of primary and secondary education assessment, construction of tools, assess syllabi and text book of primary and secondary education.
- PO12. STRUCTURING THE CURRICULA:** Understand the basis, principles and process of curriculum development at primary and secondary level.

Programme Specific Outcome

PSO 1 In terms of programme specific context of Master of Education the outcomes are as follows.

PSO 2 To build perspective and understanding of concepts, theories, ideas and practices across various fields of Education.

PSO 3 To understand the historical, political and economical aspect of education.

PSO 4 To provide research related experiences with the competency to independently develop dissertation and research work.

PSO 5 To interpret the schools of philosophy and their educational significance.

PSO 6 To get an insight into various educational policies and practices.

PSO 7 To enable proper understanding and critical perspective about specialized areas of Education.

Course Outcomes (CO)

Semester-I

Subject Name-Philosophical Perspectives of Education Subject code- MED-101

CO 1 To understand the context of philosophy of education.

CO 2 To interpret the educational philosophy of great thinkers.

CO 3 To correlate sociology and education.

CO 4 To establish the relevancy of philosophical theories in modern education.

Subject Name-Educational Research-I

Subject code- MED-102

CO 1 understand the sources of knowledge. understand the concept of scientific method.

CO 2 understand formation of research proposal.

CO 3 understand method and types and research

CO 4 identify research problem along with its specification in terms of objectives,

CO 5 hypothesis, definitions, variables and delimitations.understand about probability and non-probability sampling design

Subject Name-Information and Communication Technology Subject code- MED-103

CO 1 To develop the skill of using ICT in teaching and learning.

CO 2 To understand about digital technology in socio-economic context.

CO 3 To build competency on techno pedagogic and info savvy skills.

Subject Name-First Advance level course Education Technology-I Subject code- MED-104

- CO 1 Describe the key concept of educational technology.
- CO 2 Trace out the historical development and major institutions of educational technology in India
- CO 3 Understand the key concepts related to approaches
- CO 4 Describe the modes barrier and process of effective communication
- CO 5 Define and describe institutional design and related terms.
- CO 6 Explain the models of instructional design.
- CO 7 Describe the audio visual media in education

Semester-II

Subject Name-Psychological Perspectives of Education Subject code- MED 201

- CO 1 To understand the process of learning and human development.
- CO 2 To analyse various theories of learning.
- CO 3 To comprehend the impact of culture and diversity in the learning process.
- CO 4 To understand about transfer of learning.

Subject Name-Research Data Analysis and Interpretation-I Subject code- MED 202

- CO 1 To analyse the quantitative and qualitative data for research.
- CO 2 To enhance the competencies of synthesising research work.
- CO 3 To develop the skill of preparing a complete research report.

Subject Name-Second Advance Level Course I (ET) Subject code- MED 203

- CO 1 Study a chosen area of Education in depth.
- CO 2 Build skills related to the chosen area.
- CO 3 Understand the applications of the chosen area of study.
- CO 4 Develop research interest in the specialized area.
- CO 5 Read critically available texts and literature in the chosen area.

Semester-III

Subject Name-Sociological Perspectives of Education Subject code- MED 301

- CO 1 To analyze the social perspective of education
- CO 2 To interpret the role of education in social context.
- CO 3 To understand sociology of education.
- CO 4 To recognize the socio cultural aspects of education

Subject Name-Educational Research-II Subject code- MED 302

- CO 1 To understand about educational research and it's designing.
- CO 2 To know about various data collection tools and sampling.
- CO 3 To understand about descriptive and inferential statistics

Subject Name-Guidance and Counseling Part-I**Subject code- MED 303**

- CO 1 Understand the meaning, nature and scope of guidance.
- CO 2 Understand the meaning and need of group guidance.
- CO 3 Recognize the role of guidance in attaining them goals of education.
- CO 4 Understand and appreciate the need for guidance.
- CO 5 Apply the various techniques of group guidance in classroom
- CO 6 Understand the meaning, nature and scope of Counseling.

Subject Name-Field Engagement (Practical)Subject code- MED 304

- CO 1 To understand the role and functions of different monitoring agencies of Education in India.
- CO 2 To introspect about educational planning and administration.

Semester-IV**Subject Name-Contemporary & Future Perspectives of Education Subject code- MED-401**

- CO 1 To enable the students to understand the significance of the ultimate human concerns and the contribution of philosophy in this regard.
- CO 2 To develop abilities to make comparisons between different philosophies and their educational implications.

Subject Name-Research Data Analysis & Interpretation-IISubject code- MED-402

- CO 1 understand the management of teacher education
- CO 2 understand the recent trends in teacher education
- CO 3 understand profession and professional development of a teacher
- CO 4 acquaint with various issues and innovations in teacher education.
- CO 5 understand the researches in teacher education

Subject Name-Guidance and Counseling Part-II Subject code- MED-403

- CO 1 Apply the various techniques of group guidance in classroom
- CO 2 Understand the meaning, nature and scope of Counseling.
