

RKDF University

Program Outcomes, Program Specific Outcomes and Course Outcomes

Faculty of Management

Master of Business Administration (MBA)

Programme Outcome (POs)

PO 1 New Skills & Competencies desired due to dynamic business environment: The contents and structure of syllabus revolves around the Knowledge, Skills and Attitude (KSA) dimensions, which calls for dynamic job requirements of today

PO 2 Concerns expressed by the Industry: The industry has expressed concerns about the need for improvement in the communication skills, interpersonal skills, domain knowledge basics, business environment awareness, technology proficiency, and attitude of the MBA graduates. The curriculum imbibes methods necessary to address these concerns of the industry.

PO 3 Application Orientation: The course focuses on methodology that will apply management theories, principles and concepts in routine requirement of the industry. This can be achieved through group activity, field work, experiential learning, etc.

PO 4 Entrepreneurial aspirations and preparedness for the same: The curriculum will allow students to a confidence level where they can become masters of their own and wish to start up their new ventures and create further growth opportunities.

PO 5 At the end of the curriculum students should able to start their own venture and control all the managerial functions. Apart from this students should be able to handle the managerialresponsibilities in the corporate world.

Program Specific Outcomes

PSO1 To imbibe the students with requisite domain knowledge, skills & right attitude necessary to provide effective leadership in a global environment.

PSO2 To develop competent management professionals with strong ethical values, capable of assuming a pivotal role in various sectors of the Indian Economy & Society.

PSO3 inculcates proactive thinking to ensure effective performance in the dynamic socio- economic and business ecosystem.

PSO4 To harness entrepreneurial approach and skillsets aligned with the national priorities.

Course Outcomes

SEMESTER I

Subject Title	Subject Code
MANAGEMENT CONCEPTS & PRACTICES	CP-101

- CO1 Understand the concepts related to Business. Demonstrate the roles, skills and functions of management.
- CO2 Analyze effective application of PPM knowledge to diagnose and solve organizational problems and develop optimal managerial decisions.
- CO3 Understand the complexities associated with management of human resources in the organizations and integrate the learning in handling these complexities.
- CO4 Explain Organizing- Principles, Structure, Process, Importance: Organizational design
- CO5 Concepts of Directing and Controlling- Motivation, Morale and Productivity, Leadership

Subject Title	Subject Code
Quantitative Methods	CP-102

- CO1 Understand why statistics are important for making business decisions (when to use quantitative analysis vs.
- CO2 common sense Demonstrate a sound knowledge of statistical terms
- CO3 Be able to explain the merits and limitations of various statistical techniques
- CO4 Be able to read and interpret statistical information and be able recognize when meaningful statistics are (and are not) being used
- CO5 Be able to performance statistical analysis on paper as well as using Excel and SPSS where appropriate Be able to apply quantitative techniques to solve a variety of business

Subject Title	Subject Code
MANAGERIAL ECONOMICS	CP-103

- CO1 Understand the internal and external decisions to be made by managers.
- CO2 Analyze the demand and supply conditions and assess the position of a company.

- CO3 Design competition strategies, including costing, pricing, product differentiation, and market environment according to the natures of products and the structures of the markets.
- CO4 Analyze real-world business problems with a systematic theoretical framework.
- CO5 Make optimal business decisions by integrating the concepts of economics, mathematics and statistics.

Subject Title	Subject Code
COMMUNICATION SKILLS	CP-104

- CO1 Understand the role of communication in personal & professional success.
- CO2 Develop awareness of appropriate communication strategies.
- CO3 Prepare and present messages with a specific intent. Analyze a variety of communication acts.
- CO4 Ethically use, document and integrate sources.
- CO5. To distinguish among various levels of organizational communication and communication barriers while developing an understanding of Communication as a process in an organization.
- CO6. To draft effective business correspondence with brevity and clarity.
- CO7. To stimulate their Critical thinking by designing and developing clean and lucid writing skills.
- CO8. To demonstrate his verbal and non-verbal communication ability through presentations.

Subject Title	Subject Code
INTERNATIONAL BUSINESS ENVIRONMENT	CP-105

- CO1 Explain business expansion abroad and key issues related to their operations in other countries.
- CO2 Compare and contrast cultures and societies globally using socioeconomic and cultural frameworks.
- CO3 Develop an entry strategy into other markets recognizing the nature of institutions and forces governing the process of globalization.
- CO4 Identify the main features of the international business environment and its main institutions; analyse the political, social, economic, technological and other configurations that support cross-border trade;
- CO5 apply an understanding of the nature of the multinational firm as an institutional structure for the conduct of cross-border trade and investment;

- CO6 analyze the key decisions that multinational firms make in relation to the choice of markets and entry strategies;
- CO7 apply an understanding of the different modes of engagement with international markets and explore the interconnectedness between these and the economic, legal, governmental, political, regulatory, cultural and other environments in which expanding companies operate;
- CO8 research international business issues and apply theoretical insights to the analysis of such issues in the context of a complex international business environment; and,
- CO9 communicate effectively in oral and written forms using the concepts, logic and rhetorical conventions of the subject.

Subject Title	Subject Code
ACCOUNTING FOR MANAGERS	CP-106

- CO1 Demonstrate the applicability of the concept of accounting to understand the managerial Decisions and financial statements.
- CO2 Apply the Financial Statement Analysis associate with Financial Data in the organization.
- CO3 Analyze the complexities associated with management of cost of product and services in the Organization.
- CO4 Demonstrate how the concepts of accounting and costing could integrate while identification and resolution of problems pertaining to LM Sector.
- CO5 Understand Costing for Decision- Making, Marginal Costing and Absorption Costing.

SEMESTER II

Subject Title	Subject Code
ORGANIZATIONAL BEHAVIOR	CP-201

- CO1 Identify personal dimensions of personality. job satisfaction, motivation and learning.
- CO2 May analyze the group formation and management process.
- CO3 Discuss group and group dynamics. Examine group types and team working techniques.
- CO4 May describe the basic subjects for improving the performance of employees and organizations.
- CO5 Evaluate the developments of basic conflict resolutions.
- CO6 Discuss the main problems about stress, power and politics and ethics. Improve and develop strategies about organizational change and development

Subject Title	Subject Code
HUMAN RESOURCE MANAGEMENT	CP-202

- CO1 Today's competitive business environment owes its success to effective management of its human resource.
- CO2 The quality of the organization's employees, their attitude, behavior and satisfaction with their jobs, and their behavior towards ethics and values and a sense of fair treatment all impact the firm's productivity, level of customer service, reputation, and survival.
- CO3 The students of human resources management must aware of basic aspects of human resource management to understand the functioning of human resource management in an organizational setting.
- CO4 Therefore, this introductory course on Human Resource Management is designed for engineering students who wants
- CO5 Overview of Industrial Relation, Trade Union, Collective Bargaining, Industrial `dispute Act1947.

Subject Title	Subject Code
FINANCIAL MANAGEMENT	CP-203

- CO1 This course is to inform the students about the basic concepts of financial management and contemporary theory and policy in order to master the concepts, theories and technique of financial management, what represents the condition of profitable business operations and survival respectively development of business subjects and the economy as a whole.
- CO2 Students should acquire the basic knowledge by means of combining theoretical cognitions and practical attitudes to enable them the understanding of financial problems in business practice after completed the vocational studies.
- CO3 The purpose of the course is to offer the students relevant, systematic, efficient and actual knowledge of financial management that can be applied in practice with making financial decisions and resolving financial problems.
- CO4 Cost of Different sources of Raising Capital, Weighted Average cost of Capital; Capital Structure
- CO5 Management of Working Capital- Cash Receivables and Inventory management.

Subject Title	Subject Code
MARKETING MANAGEMENT	CP-204

- CO1 Understand the dynamics of marketing in business

- CO2 Apply the theoretical marketing concepts to the practical situations
- CO3 Demonstrate the ability to carry out a market research projects
- CO4 To communicate unique marketing mixes and selling propositions for specific products
- CO5 Construct written sales plans and professional interactive presentations

Subject Title	Subject Code
RESEARCH METHODOLOGY	CP-205

- CO1 Search for, select and critically analyze research articles and papers, Prepare a literature review, Formulate and evaluate research questions, Develop a research proposal or industry project plan, Gain experience with instrument development and data collection methods , and Gain experience with ethics proposals
- CO2 Defining Research Problem; Setting of Hypothesis; Research Design
- CO3 Sampling Design- Steps in Sampling Design; Criteria of Selecting a Sampling Procedure
- CO4 Data Collection- Primary and Secondary data; Observational and Survey Methods
- CO5 Analysis and Report Writing- Selection of Appropriate Statistical Techniques; Parametric Test.

Subject Title	Subject Code
COMPREHANSIVE VIVA	CP-206

- CO1. Firm grounding of fundamentals of core courses of management.
- CO2. The ability to put across the concepts with ease and good clarity.
- CO 3. The ability to use the theoretical framework to solve specific management problems.
- CO4. Demonstrating one's competency in management courses. CO1. Understand on job the skills, knowledge, attitudes, and perceptions along with the experience needed to constitute a professional identity.
- CO5. Learn actual supervised professional experiences.
- CO6. Get insight in working of the real organizations
- CO7. Understand the specific functional areas.

- CO8. Match linkages among different functions and departments.
- CO9. Understand perspective about business organizations in their totality.
- CO10. Discover career opportunities to students in exploring in their areas of interest

Subject Title	Subject Code
Business Policy & Strategic Management	CP-301

- CO-1 Students will be able to describe major theories, background work, concepts and research output in the field of strategic management.
- CO 2 Students will demonstrate a clear understanding of the concepts, tools & techniques used by executives in developing and executing strategies and will appreciate its integrative and interdisciplinary nature.
- CO 3 Students will be able to demonstrate effective application of concepts, tools & techniques to practical situations for diagnosing and solving organizational problems.
- CO 4. Students will be able to demonstrate capability of making their own decisions in dynamic business landscape.
- CO 5. Students will be able to develop their capacity to think and execute strategically.

Subject Title	Subject Code
Summer Training Project	CP-302

- CO1. Understand on job the skills, knowledge, attitudes, and perceptions along with the experience needed to constitute a professional identity.
- CO2. Learn actual supervised professional experiences.
- CO3. Get insight in working of the real organizations
- CO4. Understand the specific functional areas.
- CO5. Match linkages among different functions and departments.
- CO6. Understand perspective about business organizations in their totality.
- CO7. Discover career opportunities to students in exploring in their areas of interest.

Subject Title	Subject Code
Consumer Behavior	MSM-1

- CO1. Demonstrate how knowledge of consumer behaviour can be applied to marketing.
- CO2. Identify and explain factors which influence consumer behaviour.
- CO3. Relate internal dynamics such as personality, perception, learning motivation and attitude to the choices consumers make.
- CO4. Use appropriate research approaches including sampling, data collection and questionnaire design for specific marketing situations.
- CO5. In a team, work effectively to prepare a research report on consumer behaviour issues within a specific context.

Subject Title	Subject Code
Advertising Management	MSM-2

- CO1. Examine advertising and its functions in relation to brand success;
- CO2. Critically evaluate how creative concepts and executions will contribute to brand success;
- CO3. Analyze advertising and branding techniques and apply them to a variety of different issues;
- CO4. Explain the work effectively in teams to analyze and prepare presentations on advertising and brand management issues.
- CO5. Describe Two Step Flows of Communication Theory of Cognitive, Stimulation of Primary and Selective Demand.

Subject Title	Subject Code
Security Analysis and Investment Management	FSM-1

- CO1. Explored to different avenues of investment.
- CO2. Equipped with the knowledge of security analysis.
- CO3. Apply the concept of portfolio management for the better investment.
- CO4. Invest in less risk and more return securities.
- CO5. Fundamental analysis, technical analysis and efficient market analysis.

Subject Title	Subject Code
Working Capital Management	FSM-2

- CO1 Discover basic understanding of a company's working capital structure.
- CO2 Identify how to manage working capital to increase profits.
- CO3 Explore and establish basic knowledge of Working Capital Management policies.
- CO4 Identify how to calculate the cash conversion cycle.
- CO5 Explore and establish knowledge of working capital in the budgeting process and credit policy.
- CO6 Apply corporate cash management, accounts receivable management, bank relations, and inventory management techniques to maximize the share holders' value.

Subject Title	Subject Code
Management of Industrial Relations	HRSM-1

- CO1 Acquire a solid theoretical, practical and ethical perspective on many aspects of industrial relations
- CO2 Critically analyse theories, models, and paradigms in the field
- CO3 Understand the key participants, institutions, relationships and processes in employment relations, so that you acquire an enhanced ability to influence industrial relations outcomes in an informed manner
- CO4 Develop research, writing and speaking skills necessary for work, life and further postgraduate study
- CO5 Strengthen key competencies in group participation, oral and written communication and persuasion, critical thinking, problem-solving, information processing and planning
- CO6 To Design and formulate various IR processes such as Recruitment, Selection, Training, Development, Performance appraisals and Reward Systems, Compensation Plans and Ethical Behavior.
- CO7 To familiarize students with the basic concepts of industrial relations, its philosophy, origin and development
- CO8 To develop knowledge on trade unions and its formation, structure, functions and legal framework
- CO9 To gain insight into the process of collective bargaining, its origin and development
- CO10 To gain understanding on industrial disputes, its causes, manifestation and effects

Subject Title	Subject Code
Management of Training and Development	HRSM-2

- CO1. Explain the role of training and development in human resources management.
- CO2. Describe the psychology of the learning process on which training is based.
- CO3. Analyze the training needs of an organization.
- CO4. Assess, design, access and implement various methods, techniques and sources of training.
- CO 5. Evaluate the value of the training once completed from the individual employee and the Organization's viewpoint.

Subject Title	Subject Code
LEGAL AND ETHICAL ISSUES FOR HOSPITALS	HSM-1

- CO1 Identify the 6 major components of the American Legal System.
- CO2 Critically discuss healthcare institutional, professional provider and staff liability issues, including civil and criminal liability, Good Samaritan laws and legal, ethical and cultural considerations of diverse populations.
- CO3 Evaluate selected exemplars of medical malpractice and antitrust issues.
- CO4 Describe the legal, ethical, legislative and regulatory issues relevant to healthcare facilities (e.g., laws, regulations, accreditation, licensure, as well as, human resources, information and risk management) and service providers (e.g., licensure, insurance, and staff privileges).
- CO5 Analyze legal, ethical, legislative, and evidence based practice guidelines, affecting patient-provider relationships, communication strategies, and inter-professional provider relationships including: healthcare decision-making issues, beginning/end of life issues and handling of patient information.
- CO6 Discuss legal and ethical issues of healthcare services including, risk management, provider insurance, payment of providers and coverage of individual patients as well as disparity of access to healthcare for diverse patient populations.
- CO7 Examine selected substantive underlying conflicts among, healthcare public policies, ethics, and disparities as well as existing/proposed legal solutions to those problems

Subject Title	Subject Code
Management of Healthcare Services	HSM-2

- CO1 Identify various support and utility services of the hospital
- CO2 Describe the role of support and utility services in delivering quality patient care

CO3 Identify planning and designing considerations while planning for services

CO4 Articulate the functional requirements of individual departments

CO5 To learn how hospital support and utility services influence patient care

Subject Title	Subject Code
Retail Concepts and Practices	RTSM-1

CO1 Understand the functions of retail business and various retail formats and retail channels.

CO2 Understand the difference between Retail and Manufacturing Supply Chain

CO3 Types of Retail Stores,. Retail Models and theories of retail development, the future of retailing.

CO4 Analyze Retail Market and Financial Strategy including product pricing.

CO5 Integrate the various Space Management, Factors, Affecting Store Location, Layout and Design.

Subject Title	Subject Code
MARKETING CONCEPTS IN RETAIL MANAGEMENT	RTSM-2

CO1. Understand the impact of retailing on the economy.

CO2. Comprehend retailing's role in society and, conversely, society's impact on retailing.

CO3. See how retailing fits within the broader disciplines of business and marketing.

CO4. Recognize and understand the operations-oriented policies, methods, and procedures used by successful retailers in today's global economy.

CO5. Know the responsibilities of retail personnel in the numerous career positions available in the retail field.

CO6 corporate objectives, competitor analysis, and competitive strategy;

CO7 the traditional bases for segmentation and how segmentation can inform retail strategy;

CO8 how retailer's differentiate their offering as an element in their corporate strategy.

Subject Title	Subject Code
Rural Industrialization	RSM-1

CO1 To enable the students to understand nature of Industrialization

CO2 To make familiar the students about rural development process.

CO3 To enrich the students about Industrial Labour.

CO4 Organization and administration of KVIC; Promotional measures; Subsidies, incentives and financial inputs;

CO5 Role of Co-operatives, Financial institutions, Central, State and Local Government.

Subject Title	Subject Code
Rural Marketing	RSM-2

CO1 Developed understanding of the Indian rural economy.

CO2 Identification of challenges and opportunities in rural marketing

CO3 Exposure to the rural marketing environment and rural markets, Marketing of agricultural inputs with special reference to fertilizers, seeds and tractors

CO4 Understanding the applications of marketing to rural marketing, Marketing structure and performance processing facilities for different agricultural products

CO5 Nature, scope and role of cooperatives marketing in India. Application of the rural marketing mix (4 A's)

Subject Title	Subject Code
Indian Banking System	BSM-1

CO1 Introduction to Indian Banking System, Reserve Bank- Legal framework and main functions

CO2 To train and equip the students with the skills of modern banking and insurance is run.

CO3 Students will be taken for trainings to banks and insurance companies.

CO4 To develop and inculcate the traits of professionalism amongst the students.

CO5 Professional attire, professional communication skills and professional discipline will be inculcated.

CO6 Understand the Origin and the growth of the Indian Banking System.

CO7 After going through this course, the students are expected to develop a clear understanding and knowledge about the functioning of a Commercial bank.

Subject Title	Subject Code
Banking Service Management	BSM-2

CO1 To disseminate knowledge among the students inculcate with theoretical structures about banking and insurance.

CO 2 To train and equip the students with the skills of modern banking and insurance is run.

CO 3 Students will be taken for trainings to banks and insurance companies.

CO 4 To develop and inculcate the traits of professionalism amongst the students.

CO 5 Communication skills and professional discipline will be inculcated.

Subject Title	Subject Code
Disaster Preparedness and Decision making	DSM-1

- CO1. Effectively define and describe the terminology used within disaster planning and emergency Management
- CO 2. Comprehend the scope, extent, and complexity of natural and man-made disasters and emergencies
- CO 3. Understand the problems associated with government collaboration and assistance to state and local governments and non-governmental organizations
- CO4. Discuss effective means to plan, mitigate, respond, and recover from disasters and emergencies, natural and man-made
- CO5. Articulate the knowledge gained from a review of case studies of significant importance
- CO6 Students will learn different disasters and measures to reduce the risk due to these disasters. Also, students will learn institutional frame work for disaster management at national as well as global level.

Subject Title	Subject Code
Environment Law and Protection	DSM-2

- CO1. Students will be able to get basic knowledge of environment, pollution and various principles.
- CO2. Students will be able to get the knowledge about Constitutional provisions for the protection of environment.
- CO3. Students will learn about the legal provisions of the water pollution.
- CO4. Students will also learn about the air pollution.
- CO5. Students will get the knowledge about the Environment (protection) Act, powers of central government and state government to make laws and Environment Tribunals

Subject Title	Subject Code
Manufacturing systems management	PSOM-1

- CO1. Ability to apply mathematical Operations strategy, system concept of production, types of production system knowledge to identify and solve real problems of manufacturing organizations.
- CO2. Ability to analyse the problems of the manufacturing sector on contemporary issues and identify research opportunities and do research using proven methodologies.

- CO3. Ability to design and develop solutions with regard to a productive manufacturing system or a product which fulfils customers real requirements through total quality management and intergraded product development approaches and managing its lifecycle.
- CO 4. Ability to conduct investigations on complex problems of manufacturing organisations by the use and analysis of data and experimental methods for improving productivity.
- CO5. Capacity to understand the modern tools and their applications in advanced manufacturing systems, automation, and modeling of such systems and to attain an appropriate mastery of the knowledge, techniques, skills of the discipline

Subject Title	Subject Code
Computer Aided Design in Manufacturing	PSOM-2

- CO 1. Understand 2 dimensional and 3 dimensional transformations, modeling and analysis and CAD/CAM integration.
- CO 2. CNC machine tool building, CNC programming using manual method and generation of CNC codes using CAM software.
- CO 3. Use basic and advanced features of current CAD software.
- CO 4. Understand how CAD technology can be leveraged in the design process
- CO 5. Design a part or assembly of parts using Computer-Aided Design software.
- CO 6. Use parametric modeling techniques to reflect engineering requirements.
- CO 7. Apply top-down design principles to model a design.
- CO 8. Use motion and interference checking to ensure that parts will not interfere throughout their complete range of motion.
- CO 9. Use CAD software collaboratively when designing on a team.
- CO 10. Make appropriate selection of CAD functionality to use as tools in the design process and to communicate effectively the geometry and intent of design features.

Subject Title	Subject Code
Food production & bakery	HHM-1

- CO1. Maintain hygiene and cleanliness of kitchen, kitchen equipment's and cooking utensils following safety precautions.
- CO2. Work with head cooking menu planning and menu engineering.
- CO3. Undertake various vegetable cuts which will help in cooking to a specific perfection as desired by the industry.
- CO4. Work with head cook in preparation of mise-en-place and foods, prepare, season and cook soup, meat, vegetable and another foodstuff.
- CO5. Plan and prepare basic Indian food recipes.

- CO6. Prepare foods for breakfast buffet/ ala carte menu.
- CO7. Work in the Gardemanger of various food preparing organizations and prepare salads, sandwiches, fruit juices and other cold foods.
- CO8. Prepare exotic Indian foods and plan menu according to own judgment or as per instructions.
- CO9. Carry out duties associated with preparation of meals. 10. Work in the bakery of various food preparing organizations and prepare various desserts and sweet dishes.

Subject Title	Subject Code
Food and beverage service	HHM-2

- CO1. Execute professional practices based on the occupational standards steps of service;
- CO2. Utilize food service technology in the guest service cycle;
- CO3. Describe various types of service techniques;
- CO4. Suggest appropriate recommendations to enhance the customer experience;
- CO5. Recognize the importance of service recovery techniques
- CO6. Employ strategies for dealing with various types of customers;
- CO7. Apply basic beverage and bar operations knowledge;
- CO8. Perform opening, on-going and closing operational responsibilities in a full service food and beverage operation;

Subject Title	Subject Code
Export Import Procedures, Documentation & Logistics	ISB-1

- CO1 Providing an overall perspective on the international business environment and economic relations.
- CO2 Developing analytical skills for identifying export opportunities and undertaking
- CO3 Export marketing in countries offering export potential for wide ranging products of Indian origin.
- CO4 Developing an understating towards export procedures & documentation.
- CO5 Imparting knowledge in the area of logistics.
- CO6 Enhancing benefits from exports by understanding foreign trade policy.
- CO7 Marketing of industrial and consumer products, identification of export markets, product development and adaptation, export pricing, selection of agents and other distribution channels, procurement for exports, settlement of trade disputes, marketing information system and international tendering and sub-contracting.

Subject Title	Subject Code
International Economic Organizations & Regional Blocks	ISB-2

- CO1. Students will be able to evaluate the legal, social and economic environments of business.
- CO2. Students will be able to describe the global environment of business.
- CO3. Students will demonstrate sensitivity towards ethical and moral issues and have ability to address them in the course of business.
- CO4. Students will be able to apply decision-support tools to business decision making.
- CO5. Students will be able to apply knowledge of business concepts and functions in an integrated manner.
- CO6. Students will demonstrate conceptual domain knowledge of Foreign Trade.
- CO7. Students will apply decision-support tools to decision making in Foreign Trade.
- CO8. Students will apply conceptual knowledge of Foreign Trade in an integrated manner.
- CO9. Students will demonstrate employable and deployable skills for appropriate roles in management.

Subject Title	Subject Code
Power Generation, Transmission & Distribution	PSEM-1

- CO1. Know the basic aspects in the area of power generation, transmission, distribution and protection.
- CO2. Design power factor correction equipment, transmission line parameters, and decide upon the various protection schemes to be adopted in various cases.
- CO3. 3 Steam Generators: Boiler and steam Generator construction types, Energy Balance and efficiency of steam Generator,
- CO4. Hydro Power Generation, Hydro Turbine, Large medium and small hydro power station , ability to design and analyze the real time electrical transmission system with respect to various electrical parameters considering environmental and economic obligations
- CO5. Develop the ability to implement the appropriate safety equipments for design of electrical power system with enhancing the efficiency of the transmission and distribution system with environment friendly technology.

Subject Title	Subject Code
Renewable Energy Systems	PSEM-2

- CO1 Understand the need of energy conversion and the various methods of energy storage.
To Understand the Need, importance and scope of non conventional and alternate energy resources.
- CO 2. Explain the field applications of solar energy, To understand role significance of solar energy.
- CO 3. Identify Winds energy as alternate form of energy and to know how it can be tapped,
To provide importance of Wind Energy.
- CO4. Explain bio gas generation and its impact on environment, understand the role of ocean energy in the Energy Generation.
- CO5. Understand the Geothermal &Tidal energy, its mechanism of production and its applications, To get the utilization of Biogas plants and geothermal energy
- CO6. Illustrate the concepts of Direct Energy Conversion systems & their applications. To understand the concept of energy Conservation

Subject Title	Subject Code
STRATEGIC AND QUALITY MANAGEMENT IN TURISM	TSM-1

- CO1 demonstrate an in-depth understanding of the strategic management
- CO2 demonstrate an understanding of philosophies, principles, concepts, processes, tools and techniques of various strategic management theories
- CO3 demonstrate a thorough practical knowledge about activities and work procedures of an organisation where an internship takes places
- CO4 apply appropriate theories and methods in conducting applied research
- CO5 analyze and critically review various strategic management frameworks
- CO6 formulate a research problem and conduct the research in relationship with strategic management by combining theories and practices
- CO7: Explain the diverse nature of tourism, including culture and place, global/local perspectives, and experience design and provision.

Subject Title	Subject Code
TOURISM BUSINESS ENVIRONMENT	TSM-2

- CO1: To Understand the scope, approaches and methodology of tourism geography.
- CO2: To understand the different physical dimensions of earth and its need in geography of tourism.
- CO3: Discuss the changes in climatic and weather condition of the world and its impact on tourist destination.
- CO4: To study the different physical and political features of Indian subcontinent.
- CO5 : To study the different physical and political features of world geography

Subject Title	Subject Code
Management of Technology Innovation And Change	ITSM-1

- CO1 To assess the range, scope, and complexity of the phenomena, issues, and problems related to technology management.
- CO2 To discuss various problems where particular managerial decisions need to be taken such as technology acquisition and transfer.
- CO3 To use a range of tools used in technology creation, search, assessment, selection, implementation, utilization, and strategy.
- CO4 To describe the primary tasks and decisions that are required to turn a technological innovation into a sound business opportunity;
- CO5 To assess how to integrate engineering and business knowledge in running business successfully.

Subject Title	Subject Code
Information System Management	ITSM-2

- CO1. Relate the basic concepts and technologies used in the field of management information systems;
- CO2. Compare the processes of developing and implementing information systems.
- CO3. Outline the role of the ethical, social, and security issues of information systems.
- CO4. Translate the role of information systems in organizations, the strategic management processes, with the implications for the management.
- CO5. Apply the understanding of how various information systems like DBMS work together to accomplish the information objectives of an organization.

Subject Title	Subject Code
Principles and Practice of Logistics Management	LSCM-1

- CO1: Identify and Analyze Business Models, Business Strategies and, corresponding Competitive Advantage.
- CO2. Formulate and implement Warehouse Best Practices and Strategies
- CO3 : Plan Warehouse and Logistics operations for optimum utilization of resources
- CO4 : Explain the scope of logistics in business.
- CO5 : Explain the core and support activities in logistics.

- CO6 : Explain about the logistical integration hierarchy
- CO7 : Explain the various issues in logistics integration.
- CO8 : Explain about the logistical performance cycles.
- CO9 : Explain about the various risks involved in logistics.
- CO10 : Explain about logistics re-engineering.
- CO11 : Explain about logistical environmental assessment and other logistics systems

Subject Title	Subject Code
Supply Chain Management	LSCM-2

- CO 1 : Identify the concepts of supply chain.
- CO 2 : Classify logistics and supply chain management
- CO 3 : Identify the difference between service and manufacturing supply chains.
- CO 4 : Analyze supply chain dynamics and various issues of supply chain performance.
- CO 5 : Relate the supply chain processes.
- CO 6 : Develop the supply chain strategies.
- CO 7 : Plan about supply chain outsourcing.
- CO 8 : Select the various drivers of supply chain performance.
- CO 9 : Identify about demand forecasting and learn about the various forecasting techniques.
- CO 10 : Design about sales and operations planning process

Subject Title	Subject Code
Pharma Logistics Management	PHSM-1

- CO 1. Demonstrate adequate knowledge and mastery of techniques relevant to pharmacy administration and/or to demonstrate a clear understanding of concepts, information and techniques at the forefront of the pharmacy administration.
- CO2. Develop awareness of the responsibilities of pharmacy administration, including understanding the role and functions of pharmacy and their role in healthcare context and prepare to handle the management and development issues faced by a manager, including structure and organization; planning and managing resources; and reviewing and evaluating services.
- CO3. Recognize how operational problems and situations are handled in practice by undertaking and reporting at a pharmaceutical industry
- CO4. Formulate ideas and develop and participate in implementation of plans

CO5. Take a proactive and self-reflective role in working and to develop professional relationship.

Subject Title	Subject Code
Pharmaceutical Marketing	PHSM-2

CO1. Gain knowledge in Product Management of Pharmaceutical Products

CO2. Gain knowledge of Marketing Management and Sales Management

CO3. Acquire skills in Brand Planning

CO4. Acquire skills to Launch a Product

CO5. Raise Product Management standards

CO6. Define marketing and describe its societal contributions.

CO7. Describe the marketing mix and illustrate it for a pharmacy service.

CO8. Describe a marketing management process for pharmacies.

CO9. Explain the importance of purchasing and inventory management to a pharmacy.

CO10. Evaluate the market for value-added pharmacy services

CO11 Describe promotional and pricing techniques for pharmacy services.

Subject Title	Subject Code
Agribusiness Environment and Policy	ABSM-1

CO1 Role of agriculture in Indian economy

CO2 Problems and policy changes relating to farm supplies, farm production

CO3 Agro processing, agricultural marketing, agricultural finance etc. in the country
Impact of globalization on agribusiness sector

CO4 Linkages among sub-sectors of the agribusiness sector, Economic reforms and Indian agriculture

CO5 Agribusiness- concepts and approach, evaluation of systems, Emerging trends in production, processing, marketing and exports

CO6 Policy controls and regulations relating to the industrial sector with specific reference to agro-industries.

Subject Title	Subject Code
Agricultural Marketing Management	ABSM-2

CO1 Understand the fundamentals of management with reference to agribusiness.

CO2 Acquaint with various functional areas of agribusiness

CO3 Study the managerial functions and its applications with reference to agribusiness

CO4 Learn the concepts and process of Planning and Organizing

CO5 Provides knowledge about the Staffing, Directing and Control

CO6. Students will be able to identify the problems of agricultural marketing and find solutions to solve the problems.

CO7. Students will be able to explain the principles of demand and supply under standing the relationship in the agricultural marketing system.

Subject Title	Subject Code
Business legislation	CP-401

CO1 Explain the basic elements of forming an enforceable contract and agreement.

CO2 Classify various negotiable instruments and reason of its dishonor.

CO3 Enumerate the types of companies its management.

CO4 Rules of business laws and corporate governance.

CO5 Understand about different Acts.

Subject Title	Subject Code
Management Information System & Decision Support System	CP-402

CO1 Know about Management Information Systems department uses three learning objectives to assess student learning.

CO2 In MIS, students will understand the leadership role of Management Information Systems

CO3 Achieving business competitive advantage through informed decision making.

CO4 Analyze and synthesize business information and systems to facilitate evaluation of strategic alternatives.

CO5 Effectively communicates strategic alternatives to facilitate decision making.

Subject Title	Subject Code
Sales and Distribution Management	MSM-3

CO1 Apply fundamental concepts involving the selling and buying process with particular emphasis on oral, written, and interpersonal communications.

Banking Law and Practice	BSM-4

- CO1 The main learning outcome of this course is to provide the student an understanding of legal and regulatory aspects of banking
- CO2 Customer Relationship: Definition and Meaning of “Banker” and “CustomerS.

- CO3 Deposit Accounts: Opening Operations and Closure, Fixed Deposit Account, Recurring Account, Savings Account , Current Account , Deposit Schemes for NRIs.
- CO4 MICR Clearing ATMs – Credit cards and Debit Cards – Travellers’ Cheques – Gift Cheques – Ombudsman and Customer Services – Fraud Detection and Control
- CO5 ABOUT Negotiable Instrument

Subject Title	Subject Code
Environmental Impact Assessment (EIA) and Disaster Management	DSM-3

- CO1 Explicate the concept of EIA. Identify the objectives and scope of EIA.
- CO2 Illustrate the necessity of public participation in EIA studies. Summarize the importance of Environmental Attributes.
- CO3 Explain the phenomena of Impacts on environment.
- CO4 Quantify impacts for various developmental projects.
- CO5 Impact Assessment Procedure

Subject Title	Subject Code
Disaster Management Policy	DSM-4

- CO1 Capacity to integrate knowledge and to analyse, evaluate and manage the different public health aspects of disaster events at a local and global levels, even when limited information is available.
- CO2 Capacity to describe, analyse and evaluate the environmental, social, cultural, economic, legal and organisational aspects influencing vulnerabilities and capacities to face disasters.
- CO3 Capacity to work theoretically and practically in the processes of disaster management (disaster risk reduction, response, and recovery) and relate their interconnections, particularly in the field of the Public Health aspects of the disasters.
- CO4 Capacity to manage the Public Health aspects of the disasters.
- CO5 Disaster Management

Subject Title	Subject Code
Supply chain management	PSOM-3

- CO1 Identify and Analyze Business Models, Business Strategies and, corresponding Competitive Advantage.
- CO2 Formulate and implement Warehouse Best Practices and Strategies .

CO3 Plan Warehouse and Logistics operations for optimum utilization of resources

CO4 Demand forecasting in supply chain

CO5 Role of aggregate planning in supply chain

Subject Title	Subject Code
Inventory management & material requirements planning	PSOM-4

CO1 Understand the core features of the operations and production management function at the operational and strategic levels.

CO2 specifically the relationships between people process, technology, productivity and quality and how it contributes to the competitiveness of firms

CO3 Explain the various parts of the operations and production management processes and their interaction with other business functions (strategy, engineering, finance, marketing, HRM, project management and innovation

CO4 Material Requirement Planning Systems

CO5 Inventory Control Techniques

Subject Title	Subject Code
Accommodation Operation & Management	HHM-3

CO1 Describe the accommodation sector

CO2 examine the relationship between this sector and other components of the hospitality industry identify and explore operational issues within the front and back of house areas of accommodation organizations.

CO3 compare the relationship between an accommodation provider's target market and its organisation structure, facilities and service culture

CO4 the hospitality industry a steady stream of competent young men and women with the necessary knowledge

CO5 Location. Equipment. Storage & Inspection: Stock taking. Marketing & Monogramming. Functioning

Subject Title	Subject Code
Hotel Housekeeping	HHM-4

CO1. Describe the role of the housekeeping department in hotel operations, and explain the importance of effective communication between housekeeping, the front office and the engineering and maintenance division.

CO2. Identify typical cleaning responsibilities of the housekeeping department, and explain how area inventory lists, frequency schedules, performance standards and productivity standards are used to plan and organize the housekeeping department.

- CO5 Apply personal and interpersonal skills appropriate to being an effective member of an international marketing team.

Subject Title	Subject Code
Clean Coal and Green Power Technology	PSEM-3

CO1prepare the students for successful career in the energy industry, energy service companies, energy utility and consultancy agencies and in the academic and R&D institutions

CO2:produce graduates strong in understanding on energy resources, technologies and systems, energy management fundamentals, and capable in innovative technological intervention towards the present and potential future energy issues

CO3:produce energy professionals, who are sensitive to, and well aware of, the energy issues and concerns, and who can apply their specialized knowledge for the sustainable development.

CO4 Carbon Capture & Sequestration Zero Emission Technology

CO5 Advanced Energy Systems

Subject Title	Subject Code
Energy Conservation Management & Audit	PSEM-4

CO1 Conceptual knowledge of the technology, economics and regulation related issues associated with energy conservation and energy auditing.

CO2 Ability to analyse the viability of energy conservation projects.

CO3 Capability to integrate various options and assess the business and policy environment regarding energy conservation and energy auditing.

CO4 Advocacy of strategic and policy recommendations on energy conservation and energy auditing

CO5 Electrical Billing, Power Factor & Capacitors, Load Management, Energy Conservation in Motors

Subject Title	Subject Code
Tourism concepts and impacts	TSM-3

CO1 This course will introduces the concept of tourism

CO2 growth and development, motivations for travel.

CO3 role of tourism as an economic intervention

CO4 global nature of tourism, tourism products and emerging trends in tourism industry.

CO5 Domestic and International tourism

Subject Title	Subject Code
Tourism products of India	TSM-4

CO1 Know what are Culture Based Tourism Products

CO2 What are the categories of Culture Based Tourism Products.

CO3Types of Tourists Who Consume Culture Based Tourism Products .

CO4Culture based Tourism Product – Festival and India

CO5 Emerging: Rural, Gastronomy, Golf, cruise, wine & dark tourism

Subject Title	Subject Code
E-Governance and Framework of ICT	ITSM-3

CO 1: Explain the scope of information technology.

CO 2: Explain Stages of E-Governance

CO 3: Explain the E governance Models.

CO 4: Explain about the Brochure ware

CO 5: Explain the Human Infrastructural preparedness, Challenges for E-governance

CO 6: Explain about the National Telecom Reforms.

CO 7: Explain about the Role of Telecom Regulatory Agencies.

Subject Title	Subject Code
NETWORK APPLICATION AND MANAGEMENT	ITSM-4

CO 1: Explain the fundamentals of computer network management.

CO 2: Explain Stages Application Layer Functionality and Protocols, OSI Transport Layer.

CO 3: Explain the Introduction to routing.

CO 4: Explain about the Network management applications

CO 5: Explain the Security Management, Report Management, Service Level Management.

Subject Title	Subject Code
LOGISTICS CONCEPTS AND PLANNING	LSCM-3

CO 1: Explain the scope of logistics in business.

CO 2: Explain logistics and supply chain management

CO 3: Explain the core and support activities in logistics.

CO 4: Explain about the logistical integration hierarchy

CO 5: Explain the various issues in logistics integration.

CO 6: Explain about the logistical performance cycles.

CO 7: Explain about the logistics channel participants and supply chain relationships.

Subject Title	Subject Code
LOGISTICS AND SUPPLY CHAIN PERFORMANCE MANAGEMENT	LSCM-4

CO 1: Learn about the planning of logistics and supply chain management.

CO 2: Evaluate performance of logistics.

CO 3: Reproduce knowledge on measurement of logistics

CO 4: Design the various measurement systems.

CO 5: Name of control system of logistics.

CO 6: Operate and implementation of control system.

CO 7: Organize the implementation of lean logistics.

CO 8: Design the mapping for supply chain management.

CO 9: Evaluate the performance of supply chain management.

CO 10: Measure performance of supply chain management

Subject Title	Subject Code
Drug Regulatory Affairs	PHSM3

CO 1: Explain the impact of Food and Drug laws.

CO 2: Explain about the Federal Laws

CO 3: Explain the role of regulatory requirements as per Indian and other regulatory authorities.

CO 4: Explain about the FDA Enforcement powers

CO 5: Explain the Clinical trials.

Subject Title	Subject Code
Pharmaceutical Sales and Customer Relationship Management	PHSM-4

CO 1: Explain the impact of Food and Drug laws.

CO 2: Explain about the Federal Laws

CO 3: Explain the role of regulatory requirements as per Indian and other regulatory authorities.

CO 4: Explain about the FDA Enforcement powers

CO 5: Explain the Clinical trials.

Subject Title	Subject Code
Management of Agribusiness Cooperatives	ABSM-3

CO 1: Explain the impact Cooperative administration.

CO 2: Explain about the nature, functions and purpose of cooperatives

CO 3: Explain the role of long range planning for cooperative expansion, policy making.

CO 4: Explain about the financing agribusiness cooperative

CO 5: Explain about the Human resource management.

Subject Title	Subject Code
Food Retail Management	ABSM-4

CO 1: Explain the impact International Food market.

CO 2: Explain about the Retail management and Food Retailing

CO 3: Explain the role of Managing Retail Operations.

CO 4: Explain about the Retail Sales Management Types of Retail Selling

CO 5: Explain the Customer Relationship Management.
