

“UK Visit - Curriculum regulates the quality of Education”

Education is the transmission of civilization & it is the curriculum which drives the education. In view of that we are focussing on revamping of the Curriculum of all streams specifically in respect of:

- 1. Globalization and Contribution to Challenges faced by Humanity.*
- 2. How & where the Higher Education and research are being steered by the expansion & diversification of education in India & abroad.*
- 3. Globalization is setting a new agenda for internationalization of Higher Education.*

In view of this University initiated to collaborate with foreign colleges & Universities. We were also picked up as a partner under Central Government's UK India Education & Research Initiative (UKIERI) Project and signed an MOU with Harrow & Dudley Colleges of UK.

Delegates of UK visited the University Campus during January 2013 and to reciprocate & finalize the modalities of the MOU, I visited Harrow & Dudley Colleges of UK during 23rd-30th April 2013 with an objective to provide international exposure to the faculty & students of RKDF University. Glimpses of UK College campuses & meetings are given below.

Learning Centre, Harrow College, UK

With John Lepoz, Harrow College, UK

Meeting with Officials of Dudley College,

Construction Lab of Dudley College, UK

As Vice Chancellor of RKDF University, I also attended a conference which was organized by International Association of University at Manchester during 24th-27th April 2013 sponsored by Northern Consortium of Universities of UK & Salford University, Manchester. I got the opportunity to represent Indian Society for Technical Education (ISTE) as Chairman, MP & CG Chapter as well.

Delivering a Lecture at Salford University, Manchester

With the Pro-VC, Salford University, Manchester

With the Chairman of IAUP

Participants from different Countries

As we happen to be India's first University to include aspects of values & spirituality in our full time curriculum in association with Brahma Kumaris head quartered at Mount Abu, I utilized this opportunity to visit Brahma Kumaris centres of spirituality located at Manchester, London & Oxford who are working for the cause of peace & welfare of the globe & reaching spirituality all over the world.

MOU Signing Ceremony, Mount Abu

Brahma Kumaris Spiritual Centre at London

With Trainees at Brahma Kumaris Retreat Centre Oxford

Last but not the least I was overwhelmed with joy when I entered the famous Oxford University, a place where legend world leaders like Late Smt. Indira Gandhi, Late Ms. Benazir Bhutto, Late Ms. Margaret Thatcher and Aung San Suu Kyi and many more have taken education & lead their respective nations.

A College Building of Oxford University

600 years old Dining Hall of Oxford University

The Old Indian Institute Building, Oxford University

A scene of "Harry Potter" was shot at this spot

In consequent to our continuous efforts and this visit, Dudley College has already submitted proposals for one month/ three month training of our students in UK. We are expecting proposals for faculty exchange as well and would be signing MOU's with some of the Universities/ Colleges of USA & Germany also to accomplish our objective of providing world class education.
