

Note : Amendment in Solar Thermal Project Tender of MNRE

1. The date of submission / opening of Tender is extended to **July 01, 2019 (1500 hrs.)**
2. Any Solar Thermal Technology (40 kWth) which is capable to generate temperature over 500 degree C at core and steam of parameters 200 degree c at 12 bar pressure and mass flow rate of 50 kg/hr. would be acceptable.
3. Tender shall be in two parts: one is for supply of solar heat system (CSP) and other is supply of Thermal Energy storage (TES) System. Any vendor can quote either for one or for both of them.
