MESSAGE

Warm Greetings from RKDF University, Bhopal!!

Higher education in the country is at the threshold of major institutional reforms targeted towards cutting edge R&D and innovations. The major challenges before the upcoming and emerging Universities apart from quality of teaching and learning process are the need of experienced and enlightened faculty. Network of knowledge management, creative teaching and research, strong industry interface and innovative curriculum are the need of the day.

RKDF University is marching towards meeting these challenges to become a 'Global Knowledge Enterprise'. The University has a seamless synergy between Science and Engineering and we are targeting towards breaking molds of traditional departmental boundaries through interdisciplinary approach in teaching and research. We are also striving for creating knowledge network and connections with the national and global professional bodies, international centers of higher learning, industries for skill development and also with the society for sharing fruits of knowledge with the masses.

We, the RKDF Faculty Members and the Staff along with Our Learned Management are committed to build this University a real knowledge hub and, to work towards shaping the top class career of our students.

We do welcome your suggestions and feedback if we can work together for further improvement, in turn, enabling us to continue imparting world class education.

With Best Wishes for Ever to My Students !!

BRIEF INTRODUCTION

An alumnus of IIT Delhi and CEG Chennai, Dr. S. K. Sohani possesses quite diversified and rich experience of about 35 years. In the year 1982 he started his first job with M.P. State Govt. and after about a year of working he opted to go for higher education. In the year 1985, Dr. S K Sohani completed his M.E. in Civil Engineering from College of Engineering, Guindy (CEG), Chennai with Distinction and with Scholarship. Later on, he completed PhD from IIT Delhi. Further,

1. In his initial career, for about a decade Dr. Sohani had been in R&D and worked as "Senior Scientist" with Council of Scientific and Industrial Research (CSIR, Govt. of India) and also with GBPIHED (ME&F, Govt. of India).
2. He is a Licensed Engineer of IMC, and has been a Consulting Engineer and a Construction Entrepreneur as well.
3. Dr. Sohani later on, opted to join Academic Administration. During the period he has been holding the responsibilities as Professor, Principal, Director (Admin. & Dev.), Dean in Technical Institutions/University.

With such a widened-up horizon, he has proved himself as an effective academic administrator. In addition to his academic duties as Professor, Dr. Sohani does possess good planning skills, and also has unique ability to maintain excellent discipline as well as vibrant campus environment. He has published number of research papers in national and international journals, and is life member of various technical associations/societies.

Dr. Sohani has good experience of planning and executing complete project of "opening few educational institutions". He is well versed with the academic approvals and accreditations including AICTE, UGC, DTE, Universities, NBA, NAAC, ISO, NABL etc.

Prof. Sohani now as "Vice Chancellor" of RKDF University Bhopal looks ahead with huge fidelity to further continue his journey of imparting world class education in this part of the world !!
